ECW

LED Economic Wraparound Fixture

The ECW Series redefines indoor lighting with energy-saving LED technology. Designed as a cost-effective replacement for traditional fluorescent wrap-around fixtures, it features a full-length radiused polystyrene lens and a sturdy one-piece fabricated steel body. Whether illuminating residential multi-family buildings, workshops, utility rooms, or corridors, these LED wraparound fixtures elevate the aesthetics, brightening spaces efficiently and elegantly.

CONSTRUCTION

Rugged construction, solid die formed, cold-rolled steel housing. All surfaces powder coated after fabrication. Frosted polystyrene diffusers provides even consistent light while reducing glare. Lens design and materials provide uniform appearance without pixelation.

ELECTRICAL

Equipped standard with 120V-277V fixed driver. CCT adjustable switch included.

QUALIFICATIONS

All luminaires are built to UL 1598 and 2108 standards, and bear appropriate ETL labels. Damp location labeling is standard. Adheres to LM70, LM80 and TM21 industry standards.

INSTALLATION

Suitable for surface mounting.

WARRANTY

5-year Limited Warranty. See warranty documentation for more info.
